

GOKUL BHATT

Computer Applications Student | Graphic Era Hill University

Email: gokulbhatt@email.com | Phone: 9876543210

OBJECTIVE

Motivated MCA student seeking a role in Machine Learning and Data Science. Passionate about building intelligent systems using Python and NLP techniques.

EDUCATION

Master of Computer Applications (MCA)

Graphic Era Hill University, Dehradun | 2024 - 2026 | CGPA: 8.2

Bachelor of Science (Computer Science)

DIT University, Dehradun | 2021 - 2024 | CGPA: 7.8

TECHNICAL SKILLS

Programming Languages: Python, C, Java, SQL

Machine Learning: Scikit-learn, TensorFlow, Keras

NLP Libraries: NLTK, SpaCy, TF-IDF, Word2Vec

Data Analysis: Pandas, NumPy, Matplotlib, Seaborn

Web Development: HTML, CSS, Flask

Tools: Git, Jupyter Notebook, VS Code, Google Colab

Database: MySQL, SQLite

PROJECTS

1. ATS Resume Score Predictor (Python, NLP, TF-IDF, Scikit-learn)

Built a web-based ML system to analyze resumes against job descriptions.

Used TF-IDF vectorization for keyword extraction and matching.

Implemented scoring algorithm with weighted parameters.

Achieved 85% accuracy in resume classification.

2. Sentiment Analysis on Product Reviews (Python, NLTK, Machine Learning)

Collected 10,000 Amazon product reviews for training data.

Applied NLP preprocessing: tokenization, stop word removal, stemming.

Trained Naive Bayes and SVM classifiers. Achieved 89% classification accuracy.

3. Student Result Management System (Python, MySQL, Flask)

Developed full-stack web application using Flask framework.

Designed relational database with MySQL and implemented CRUD operations.

INTERNSHIP

Data Science Intern | TechMinds Pvt Ltd | June 2024 - August 2024

Worked on data preprocessing and feature engineering using Python and Pandas.

Built predictive models using Scikit-learn for customer churn analysis.

Gained hands-on experience with machine learning pipelines.

CERTIFICATIONS

Python for Data Science - Coursera (2024)

Machine Learning Specialization - Andrew Ng, Coursera (2024)

NLP with Python - Udemy (2023)

STRENGTHS

Strong analytical and problem-solving skills.

Good understanding of machine learning algorithms.

Experience with data preprocessing and feature engineering.

Familiarity with deep learning and neural networks.
